FEB 24 1953

AMERICAN Gas Journal

SUPPLEMENT · January, 1953

INDEX TO VOLUMES 176 AND 177—1952

Authors are indicated by CAPS AND SMALL CAPS

Two October issues are designated "Oct. 1" and "Oct. 15 (Handbook issue)."

	Issue	Page
Accounting and billing (*see also* customer billing and accounting)		
ALSTADT, CLYDE D. (and Harry G. Davis)	Dec.	19
American Gas Association		
—annual convention	Nov.	14
—Bennett, C. E., heads; F. C. Smith new VP	May	33
—customer service responsibility committee appointed [with GAMA]	Jan.	38
—distribution, motor vehicles and corrosion conference	May	37
—Hacker, Earl H., elected first vice president	Nov.	14
—Eastern natural gas sales conference	June	40
—estimate of 5-year-spending by industry	Aug.	30
—industrial and commercial sales conference	May	36
—members approve constitution revisions	Oct. 1	29
—natural gas meeting	June	18
—New York-New Jersey regional sales conference	July	42
—Old Stove Round-Up time	Aug.	43
—range manufacturers' participation	Aug.	45
—Smith, Frank C., elected president	Nov.	14
American Gas Fundamentals (*see* Gas Fundamentals)		
American Gas Handbook (*see* Gas Handbook)		
American Gas Merchandising (*see* Gas Merchandising)		
Appliance merchandising on united front foretold at AGA convention	Nov.	14
Appliance promotion, more effective, stressed at PCGA convention—Arthur Rohman	Oct. 1	16
Appliance sales (*see also* Gas Merchandising)		
Appliance sales course, industry-sponsored		
—dealers and salesmen improve techniques	Apr.	32
—college and industry combine to improve gas appliance selling techniques—Robert A. Love	May	61
Appliance sales-service-finance, Lowell (Mass.) Co. revises policies governing	Apr.	14
Appliance servicing, by utilities valued as ace in hole—Frank H. Trembly, Jr.	May	18
—and operation affected by varying gas conditions—Walter C. Peters	July	14
BELLAMY, CHARLES R.	Feb.	27
—	Oct. 1	23
BERRY, NORTON E.	Aug.	23
Billing and accounting (*see* customer billing and accounting)		
BISSEY, L. T.	Aug.	16
Boiler fuel held back by N.Y.-N.J.-Pa. utilities as aid in meeting winter peaks	Jan.	32
BORGER, EDWARD M.	Jan.	19
BOYER, E. G.	Jan.	28
BURRELL, GEORGE A.	May	27
CABLE, CHARLES R. (*with* P. A. Turcotte and Frank H. Dotterweich)	Aug.	12
California and natural gas, a story of pioneer—Arthur Rohman	May	16
—quake, gas facilities withstand	Aug.	15
CAMPBELL, D. A.	Jan.	31
CARLSON, HILDING H.	Jan.	14
Catalytic gas generator, new type, incorporates economic features—Virgil Stark	June	15
—results given for tests on reformed propane	July	34
Cathodic protection	Oct. 15	140
—justified on lines with superior coating—Marshall E. Parker	Mar.	14
CHRISMAN, JAMES W.	July	25
Combustion gas, principles of—Charles R. Bellamy	Oct. 1	23
Commercial and industrial premises, aboveground piping within (suggestions)—A. D. Frydendall	Aug.	27
Commercial cooking offers gas company sales potentials	Dec.	45
Commercial department, a wheel speeds the work of PGW's—John F. Quigley	Aug.	21
Competition, entrenched, beaten in sale of all-gas equipment for housing group	July	40
Compressing of natural gas—part 1—Clyde D. Alstadt and Harry G. Davis	Dec.	19
Compressor stations, pipeline, steam turbines practical and economical in	June	24
Conversion job, biggest, completed on schedule	Sept.	27
Conversion to straight natural gas started by Brooklyn Union	Mar.	29
CORKILL, L. E. (and R. D. Easton)	May	22
Corrosion and pipe protection—Marshall E. Parker	Apr.	25
Corrosion control economics—A. W. Peabody	Nov.	27
—methods of controlling	Oct. 15	139
Courts (*see* Legal)		
Crowley J. P., trounced electric competition and won AGA-Servel promotion award	Nov.	46
Customer billing and accounting, new electronic system cuts time and cost—Robert R. Lockhart	Feb.	14
Customer contact system, modernized, accelerates service in Houston	Jan.	16
Customer service responsibility committees appointed by AGA and GAMA	Jan.	38
Data and information, technical, in Gas Handbook, index to	Oct. 15	11
DAVIS, HARRY G. (and Clyde D. Alstadt)	Dec.	19
DAVIS, WILLIAM E.	Oct. 1	55
DEGROOT, B. E.	July	39
DEMEY, CHARLES F.	Nov.	16
Deposits in natural gas pipelines, origins and character of—L. T. Bissey	Aug.	16
Dispatching station, new, PG&E uses bypass trimmers at	Oct. 1	17
Distribution		
—odorization in systems—Walter J. Fitzgerald	June	25
—safe practices, natural gas—L. G. Hanna	Sept.	17
—system, effects of gas conditioning on—C. A. Kooke	Nov.	28
Donnelly, James F., elected president	June	19
DOTTERWEICH, FRANK H.	Sept.	21
DOTTERWEICH, FRANK H. (*with* Charles R. Cable and P. A. Turcotte)	Aug.	12
EASTON, R. D. (and L. E. Corkill)	May	22
Economical pipe-to-casing seal, new, speeds crossing work for Tennessee Gas Transmission	Feb.	18

	Issue	Page
Editorial—Elliott Taylor		
—Cooperation without coddling	Jan.	13
—In the right direction	Feb.	13
—No Moses in sight	Mar.	13
—New England takes a second look	Apr.	13
—A lasting service	May	15
—The crying room	May	15
—Public relations—an industry need	June	13
—Texas tempest	July	13
—Memo to a fat Mahatma	Aug.	11
—An industry advisory council	Sept.	13
—Not on the agenda	Oct. 1	13
—Emergency prescription	Nov.	13
—Public relations payoff	Dec.	13
Electronic system (new) cuts time and cost for customer billing and accounting—Robert R. Lockhart	Feb.	14
Emergency, overground pipeline link adds gas supply during	Feb.	45
Employee education program of Public Service Company of Colorado—H. A. Tiemann	Sept.	15
Engineers, specialized, for natural gas industry—Frank H. Dotterweich	Sept.	21
EYNON, STUART B.	Mar.	25
FALVEY, JOHN F.		
—	Jan.	18
—	Jan.	25
—	Feb.	22
—	Mar.	18
—	Apr.	22
—	May	24
—	May	48
—	June	22
—	July	26
—	Aug.	20
—	Sept.	20
—	Oct. 1	20
—	Oct. 1	27
—	Nov.	20
—	Dec.	23
Federal Power Commission		
—authorizations and opinions	Nov.	34
—	Dec.	34
—Buchanan, Thomas C., renomination tabled	July	28
—1.25 MMMcf daily capacity in Jan.-June authorizations	Sept.	32
—recommends wide changes in Natural Gas Act	Mar.	46
—350-million capacity added by okays, June-Dec. 1951	Mar.	29
Financial—John F. Falvey		
—Utility stocks go into 1952 maintaining high level	Jan.	25
—Utility stocks popular with investors but yields moved to new lows	Feb.	22
—Utilities drop month's gain in two days when investors pause	Mar.	18
—Life companies nearly loaned out and money costs are moving up fast	Apr.	22
—Just in time for election—an extra shot of inflation	May	24
—Favorable bond market for utility issues is indicated	June	22
—Rise in corporate profits expected during July-through-December	July	26
—Less competitive financing seen for industry in late 1952	Aug.	20
—Borrowed funds expected to cost more with arrangements somewhat difficult	Sept.	20
—Broader gas industry information held essential to attract individual investment	Oct. 1	20
—Are public utilities racing hell-bent for poorhouse	Oct. 1	27
—What will happen when war-spending reaches peak and levels off?	Nov.	20
—Overall expectation for business future is a better balance of factors	Dec.	23
Financial analyst urges industry put best foot forward—Theron W. Locke	May	20
FITZGERALD, WALTER J.	June	25
Foggers, oil, design and operation (Baltimore)—O. W. Lusby	Aug.	18
Forging technique, new, utilizes instrument-controlled radiant gas heating equipment—C. C. Roberts	Feb.	16
FRYDENDALL, A. D.	Aug.	27
Gas Appliance Manufacturers Association		
—consumer publications using appliance information	Sept.	46
—CP range program at high	Aug.	46
—customer service responsibility committee appointed [with AGA]	Jan.	38
—Donnelly, James F., elected president	June	19
—industry-sponsored sales courses (editorial)	May	15
—new officers assume duties	Nov.	44
—new products and dramatic displays to be featured in show	Oct. 1	53
—ponders "operation sales"	June	19
—public relations—and industry need (editorial)	June	13
—public relations program extended through 1953	Dec.	44
—sales training film	May	59
—213 displays [to be] at show	Aug.	45
Gas associations, technical presentations, 1951-1952, bibliography	Oct. 15	143
Gas companies, articles about		
—Brooklyn Union Gas Co.	Mar.	29
—Consolidated Gas Electric Light and Power Co. of Baltimore	Aug.	18
—Consumers Power Co.	Feb.	45
—East Ohio Gas Co.	July	25
—	July	39
—Gas Light Co. of Columbus (Ga.)	June	14
—Greenwich (Conn.) Gas Co.	July	40
—	Nov.	46
—Lone Star Gas Co.	June	47
—	July	13
—Lowell (Mass.) Gas Company	Apr.	14
—Michigan Gas Storage Co.	Feb.	45
—"Natural Gas Companies serving the Greater Pittsburgh area"	Nov.	45
—New York and Richmond Gas Co.	Mar.	22
—	June	43
—Niagara Mohawk Power Corp.	July	16
—Pacific Gas & Electric Co.	Oct. 1	17
—Peoples Gas Light and Coke Co.	Nov.	47
—Philadelphia Electric Co.	Jan.	28
—Philadelphia Gas Works Co.		
—	Feb.	14
—	May	18
—	May	55ff
—	July	43
—	Aug.	14
—	Aug.	21
—	Sept.	43
—Portland (Ore.) Gas & Coke Co.		
—	Feb.	26
—	July	46
—	July	47
—	Dec.	13
—Public Service Co. of Colorado	Sept.	15
—Public Service Elec. & Gas Co. (N. J.)		
—	Apr.	16
—	Sept.	14
—Seattle Gas Co.	Feb.	21
—	Dec.	47
—Southern Counties Gas Co.	Feb.	20
—	May	26
—Tennessee Gas Transmission Co.	Feb.	18
—United Gas Corp.	Jan.	16
—Washington Gas Light Co.	July	15
—	Dec.	14
Gas conditioning (*see also* Foggers)		
—effects on the distribution system—C. A. Kooke	Nov.	28
Gas conditions, varying, how appliance operation and servicing are affected by—Walter C. Peters	July	14
—coordination in national pattern to be factor in 1952 trends—Hilding H. Carlson	Jan.	14
—equipment, controllable, used to fire polish glassware—Robert C. LeMay	June	20
—facilities withstand California quake	Aug.	15

	Issue	Page
Gas Fundamentals (American Gas Fundamentals)		
—Corporate organization of gas companies —Edward M. Borger	Jan.	19
—System design and operation—Charles R. Bellamy	Feb.	27
—Leak detection and control methods—Stuart B. Eynon	Mar.	25
—Corrosion and pipe protection—Marshall E. Parker	Apr.	25
—LP gas and its use in utility service—George A. Burrell	May	27
—Gas odorization in distribution systems—Walter J. Fitzgerald	June	25
—Public relations for the gas company—Eugene F. Martin	July	21
—Principles of absorption refrigeration—Norton E. Berry	Aug.	23
—Public utility regulation—Nelson Lee Smith	Sept.	23
—Principles of gas combustion—Charles R. Bellamy	Oct. 1	23
—Principles of orifice measurement—W. A. Griffin	Nov.	23
—Compressing of natural gas—part 1—Clyde D. Alstadt and Harry G. Davis	Dec.	19
Gas Handbook (American Gas Handbook)		
—cathodic protection	Oct. 15	140
—corrosion, methods of controlling	Oct. 15	139
—data and information, technical, index to	Oct. 15	11
—gas laws, ideal, deviations from	Oct. 15	133
—interchangeability of various gases	Oct. 15	129
—manufacturers' new technical literature, bibliography	Oct. 15	146
—technical presentations before gas associations, 1951-1952, bibliography	Oct. 15	143
Gas laws, ideal, deviations from	Oct. 15	133
Gas Merchandising (American Gas Merchandising)		
—all-gas equipment for housing group, entrenched competition beaten in sale of	July	40
—budget plan, house heating, Portland (Ore.) Gas and Coke announces	July	47
—college and industry combine to improve gas appliance selling techniques—Robert A. Love	May	61
—consumer publications using appliance information	Sept.	46
—conversion burners still profitable load builders for merchandising utilities—William E. Davis	Oct. 1	55
—courses, college, in gas appliance selling expand	Sept.	41
—Crowley, J. P., trounced electric competition, won AGA-Servel award	Nov.	46
—electricity, Lone Star Gas Co., looks at, then sells gas appliances	June	47
—GAMA public relations program extended through 1953	Dec.	44
—household icemaking continuous process in basically new refrigerator	Dec.	43
—commercial cooking offers sales potentials	Dec.	45
—how Pittsburgh companies merchandise appliances	Nov.	45
—how to work with gas company—B. E. DeGroot	July	39
—matchless ranges		
—at Peoples Gas sold with enthusiasm-confidence	Nov.	47
—manufacturers, utility, dealers fully coordinated in big Philadelphia campaign	May	55ff
—PGW, six range manufacturers in Fall campaign with 300 dealers	Sept.	43
—results of Philadelphia campaign determine new, bigger drive	July	43
—new Servel refrigerator makes ice without trays	Nov.	47
—Old stove round-up time	Aug.	43
—range manufacturers' participation	Aug.	45
—plumber-dealer promoted in new training film	May	59
—products and displays [to be] featured in GAMA show	Oct. 1	53
—promotion program, cooperative, swings customers	Sept.	39
—Roper's new Space-Master ranges top "magic" of electric appeal	Nov.	44
—sales training film, new, plumber-dealer promoted in	May	59
—school home economics program, Seattle Gas Co. starts	Dec.	47
—show business techniques used, Portland (Ore.), to demonstrate ranges	July	46
—theatre techniques used in effective appliance show	June	50
—water heater campaign exceeding plans and selling more year-'round gas	June	43
—water heater, two-temperature, Ruud, meets new service needs	Dec.	48
—will utilities' top management maintain markets to assure survival?	Nov.	43
GILLISS, W. W., JR.	July	15
Glass ware, controllable gas equipment used to fire polish—Robert C. LeMay	June	20
GRIFFIN, W. A.	Nov.	23
Handbook, American Gas (*see* Gas Handbook)		
HANNA, L. G.	Sept.	17
Hess, Frederic O., 25 years with Selas celebrated	June	37
—explains shift to gas as precise industrial tool, at ASME meeting	Dec.	18
HUSTON, A. J.	Sept.	27
Industrial and commercial premises, above-ground piping within (suggestions)—A. D. Frydendall	Aug.	27
Industrial application		
—New forging technique utilizes instrument controlled radiant gas heating equipment—C. C. Roberts	Feb.	16
—Roofing felt production increased by adding gas drying equipment—Evereth L. Lyons	Mar.	16
—TV tube processing in gas equipment eliminates heating-breakage, cuts cost —Charles Penk	Apr.	16
—Speed and quality of news presses boosted by instantaneous gas dryers—R. D. Easton and L. E. Corkill	May	22
Industrial conversions to natural gas, extensive planning urged on NEGA group	Feb.	21
—equipment, radiant gas-fired, makes superior quality oil well casing	Nov.	17
Industrial gas, nomenclature—D. A. Campbell	Jan.	31
—thirty years in New England—A. J. Huston	Sept.	27
Industrial tool, shift to gas as, explained by Hess at ASME meeting	Dec.	18
Instrument control (*see* Industrial Application)		
Insurance (*see* Legal)		
Interchangeability of various gases	Oct. 15	129
Is 100% natural gas the answer?—Part 3—E. G. Boyer	Jan.	28
Jet-tube range ignition (*see* Gas Merchandising, matchless ranges)		
KOOKE, C. A.	Nov.	28
KRAMER, WILLIAM H., JR.	Oct. 1	14
—.	Nov.	18
Leak detection and control methods—Stuart B. Eynon	Mar.	25
Legal—Leo T. Parker		
—Court actions establish gas company responsibilities and liabilities	Feb.	31
—Review of 1951 higher court gas law suits	Jan.	27
—Courts rule on rate determinations	Mar.	20
—Gas franchises require provisions for utility protection against unreasonable demands	Apr.	18
—Written gas service contracts hold in disputes about verbal promises	May	49
—How courts view evidence in gas rate and tax cases	July	18
—Industry can avoid some legal pitfalls	Aug.	28
—Insurance policies must specify coverage to assure protection	Sept.	18
—Explosion liabilities suggest precautions for utilities	Oct. 1	18

	Issue	Page
—Law establishes written contract provisions as superior	Nov.	21
—Court decisions indicate possibilities in contract wrangles	Dec.	16
LeMay, Robert C.	June	20
Literature, manufacturers' technical, new, bibliography	Oct. 15	146
Load builders for merchandising utilities, conversion burners are still profitable—William E. Davis	Oct. 1	55
Locke, Theron W.	May	20
Lockhart, Robert R.	Feb.	14
Love, Robert A.	May	61
LP gas and its use in utility service—George A. Burrell	May	27
—propane-air, facilities included in standby for Washington Gas Light—B. C. White	Dec.	14
—plants, utility, safety depends on basic engineering and sound construction—William H. Kramer, Jr. Part one	Oct. 1	14
Part two	Nov.	18
—peak shaving plant, safety is emphatic in design and operation of—G. J. Tankersley	June	14
—plants, personnel training for—S. C. Symnoski	Aug.	14
Lusby, O. W.	Aug.	18
Lyons, Evereth L.	Mar.	16
Management policies on sales and public relations need overhaul speakers tell New England gas group	Apr.	20
Manufacturers' new technical literature, bibliography	Oct. 15	146
Martin, Eugene F.	July	21
Meter shop work, full training for, viewed as economic matter—James W. Chrisman	July	25
Moran, T. C.	July	16
Natural gas		
—Alberta board submits data on Pacific NW export-okay	May	48
—and California, a story of pioneers—Arthur Rohman	May	16
—compressing of—part 1—Clyde D. Alstadt and Harry G. Davis	Dec.	19
—is 100% the answer?—Part 3—E. G. Boyer	Jan.	28
—liquefaction facilities included in standby for Washington Gas Light—B. C. White	Dec.	14
—production up 16%; reserves up 4%	Mar.	30
—Pacific NW . . . gas prospect is far off and confused	Apr.	24
—safe practices in distribution of—L. G. Hanna	Sept.	17
New England Gas Association		
—conference	Apr.	20
—.	Apr.	30
—membership	Apr.	21
New York PSC has new pipeline jurisdiction	Apr.	29
News presses, speed and quality boosted by instantaneous gas dryers—R. D. Easton and L. E. Corkill	May	22
Nomenclature, industrial gas—D. A. Campbell	Jan.	31
Obituaries		
—Bailey, William J.	July	27
—Brill, Alfred P.	Jan.	34
—Brown, James M.	Jan.	34
—Chamberlain, Glenn R.	Mar.	35
—Conard, Charles A.	Mar.	36
—Cosgrove, J. Phillips	Jan.	34
—Fischer, Louis E.	Mar.	35
—Forstall, Walton	Mar.	36
—Gaidry, Harold Langdon	Oct. 1	41
—Greason, Charles D.	Mar.	36
—Gregory, Francis Fargo	Apr.	43
—Grinstead, William N.	Aug.	32
—Leeds, Morris E.	Mar.	36
—McMahan, Chester J.	June	36
—Milener, Eugene D.	Dec.	30
—Miller, Christian Otto Gerberding	May	35
—Mitchell, George Franklin	Apr.	42
—Mitchell, Harry F.	Sept.	33
—Naile, William	Mar.	36
—Reed, John C.	July	27
—Taylor, Mahlon B.	Jan.	34
—Thomas, G. Max	Nov.	29
—Tomkins, Selah S.	Nov.	29
—Upp, Jack, Jr.	June	36
Odorants, natural gas, properties of—Charles R. Cable, P. A. Turcotte and Frank H. Dotterweich	Aug.	12
Odorization		
—and control of nuisance odors continue as big gas industry problems	Dec.	17
—in distribution systems—Walter J. Fitzgerald	June	25
—in the Niagara Mohawk system, experience and practices—T. C. Moran	July	16
Oil gas facilities included in standby for Washington Gas Light—B. C. White	Dec.	14
Oil-well casing, radiant gas-fired processing equipment makes superior quality	Nov.	17
Orifice measurement, principles of—W. A. Griffin	Nov.	23
—meter chart, new eight-day, reduces field and office costs	Apr.	15
Our natural gas supply—when will we need substitutes, how will we get them?—Charles F. deMey	Nov.	16
Pacific Coast Gas Association, convention	Oct. 1	16
Pacific NW natural gas prospect far off and confused	Apr.	24
—Alberta board submits data on export-okay	May	48
Paige, Clifford E., retires from Brooklyn Union	Sept.	36
Parker, Leo T.	Jan.	27
—.	Feb.	31
—.	Feb.	21
—.	Mar.	20
—.	Apr.	18
—.	May	49
—.	July	18
—.	Aug.	28
—.	Sept.	18
—.	Oct. 1	18
—.	Nov.	21
—.	Dec.	16
Parker, Marshall E.	Mar.	14
—.	Apr.	25
Peabody, A. W.	Nov.	27
Peak shaving plant, safety is emphatic in design and operation of—G. J. Tankersley	June	14
Penk, Charles	Apr.	16
Personnel training for LP gas plants—S. C. Symnoski	Aug.	14
Peters, Walter C.	July	14
PG&E uses bypass trimmers at new dispatching station	Oct. 1	17
Pipe-to-casing seal, new economical, speeds crossing work for Tennessee Gas Transmission	Feb.	18
Pipeline compressor stations, steam turbines practical and economical in	June	24
—jurisdiction, New York PSC has new	Apr.	29
—right-of-way work, courtesy and respect for landowner held essential in	June	17
Pipelines must share industry promotion, natural gas meeting told	June	18
—natural gas, origins and character of deposits in—L. T. Bissey	Aug.	16
Piping, above-ground, in industrial and commercial premises (suggestions)—A. D. Frydendall	Aug.	27
Plastic tubing found convenient and flexible for service piping replacements	Feb.	20
Portland Gas & Coke tells all customers about gas and sells customers services	Feb.	26
Processing equipment, radiant gas-fired, makes superior quality oil well casing	Nov.	17
Promotion, industry, pipelines must share, natural gas meeting told	June	18
—program, cooperative, swings customers to gas	Sept.	39
Public relations for the gas company—Eugene F. Martin	July	21

	Issue	Page
QUIGLEY, JOHN F.	Aug.	21
Radiant gas-fired processing equipment makes superior quality oil well casing	Nov.	17
Refrigeration, absorption, principles of—Norton E. Berry	Aug.	23
Refrigerator, new Servel, makes ice automatically without trays	Nov.	47
——	Dec.	43
—operation better after conversion	Mar.	22
Regulation, public utility—Nelson Lee Smith	Sept.	23
—(*see also* Financial and Legal)		
Regulator pits, new shallow, Public Service (N. J.) tries	Sept.	14
Reserves, natural gas (*see* Natural gas)		
Right-of-way work, pipeline, courtesy and respect for landowner held essential in	June	17
ROBERTS, C. C.	Feb.	16
Rochester explosion, Bureau of Mines investigates and reports	Mar.	45
ROHMAN, ARTHUR	May	16
——	May	26
——	Aug.	15
——	Oct.	16
Roofing felt production increased by adding gas drying equipment—Evereth L. Lyons	Mar.	16
Safe practices in distribution of natural gas—L. G. Hanna	Sept.	17
Safety in utility LP gas plants depends on basic engineering and sound construction—William H. Kramer, Jr.		
Part one	Oct. 1	14
Part two	Nov.	18
—emphatic in design and operation of Georgia peak shaving plant—G. J. Tankersley	June	14
Sales and technical subjects discussed at two AGA conferences	May	36
Sales course (*see* appliance sales course *and* Gas Merchandising)		
—potentials, how commercial cooking offers	Dec.	45
—tempo, step up, Eastern group told	June	40
Seattle Gas Co. starts school program with special ranges	Dec.	47
Servel reveals details that eliminate refrigerator trays	Dec.	43
Service and leakage repair trucks, Southern Counties Gas Co. designs	May	26
—house heating, by utility assures customer satisfaction and fuel position—W. W. Gilliss, Jr.		
—piping replacements, plastic tubing convenient and flexible for	Feb.	20
Servicing appliances (*see* Appliance servicing)		
Shift to gas as precise industrial tool explained by Hess at ASME meeting	Dec.	18
Single-point range ignition (*see* Gas Merchandising, matchless ranges)		
SMITH, NELSON LEE	Sept.	23
Standby, flexible, for Washington Gas Light includes new high-pressure storage plant—B. C. White	Dec.	14
STARK, VIRGIL	June	15
Steam turbines practical and economical in pipeline compressor stations	June	24
Storage plant, high-pressure, included in flexible standby for Washington Gas Light—B. C. White	Dec.	14
Storage of gases or mixtures of gases considering deviations from ideal gas laws	Oct. 15	133
Substitute gas supply—when and how—Charles F. deMey	Nov.	16
SYMNOSKI, S. C.	Aug.	14
Tables, charts and other technical information, in Gas Handbook, index to	Oct. 15	11
TANKERSLEY, G. J.	June	14
TAYLOR, ELLIOTT (*see* Editorial)		
Taxes (*see* Legal)		
Technical data and information in Gas Handbook, index to	Oct. 15	11
Technical literature, new, manufacturers', bibliography	Oct. 15	147
Technical presentations before gas associations, 1951-1952, bibliography	Oct. 15	143
Texas Illinois line adds 374-million to Chicago-area gas supply	Jan.	23
TIEMANN, H. A.	Sept.	15
Training for meter shop work viewed as economic matter—James W. Chrisman	July	25
Training personnel for LP gas plants—S. C. Symnoski	Aug.	14
TREMBLY, FRANK H., JR.	May	18
Trucks, service and leakage repair, Southern Counties Gas Co. designs	May	26
Turbines, steam, practical and economical in pipeline compressor stations	June	24
TURCOTTE, P. A. (*with* Charles R. Cable and Frank H. Dotterweich)	Aug.	12
TV tube processing (*see* Industrial Application)		
Underground storage	Jan.	23
Utility LP gas plants, safety depends on basic engineering and sound construction—William H. Kramer, Jr.		
Part one	Oct. 1	14
Part two	Nov.	18
Utility service is held essential to maintain gas sales and assure safety	Apr.	30
Water heater (*see also* Gas Merchandising)		
—two-temperature, Ruud, meets new service needs	Dec.	48
WHITE, B. C.	Dec.	14
